JAG Capital Management, LLC, (the "Firm") is a registered investment adviser. The Firm's Small Cap Growth Composite (the "Composite") is a composite of actual accounts invested in the JAG Small Cap Growth investment strategy. The composite was formally created September 30, 2019 from a pre-existing client account with an inception date of 9/30/19. Returns are presented gross and net of fees and include the reinvestment of all income. Net of fee performance was calculated using actual fees. There is no guarantee that an investment with the strategy will meet its investment objectives. Performance is reported in US Dollars. **Past performance should not be considered indicative of future performance. any investment contains risk including the risk of total loss.**

JAG Capital Management, LLC is a Missouri company and a wholly owned subsidiary of J.A. Glynn & Co., registered as an Investment Adviser with the Securities and Exchange Commission under the Investment Advisers Act of 1940, as amended. Prior to May 1, 2013, JAG Capital was defined and conducted business as J.A. Glynn & Co. with the advisory business under the name JAG Advisors. The redefinition was a result of corporate restructuring.

The Small Cap Growth Composite is comprised of 25-40 positions in growth companies of small cap companies. Minimum account size for the composite is \$100,000.

The index comparison is appropriate for the following reason: The Russell 2000 Growth Index measures the performance of roughly 2,000 securities issued by companies with market capitalization values averaging \$2 billion. It is generally representative of the small cap companies in the US equity market. This index is used for comparison purposes only and is not meant to be indicative of a portfolio's performance, asset composition, or volatility. The performance of the Composite may differ markedly from that of compared indices due to varying degrees of diversification and/or other factors. Return calculations for the Composite are provided by Advent Alys and calculated by JAG. Individuals cannot invest directly in any index.

JAG Capital Management, LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. The Firm has been independently verified for the periods April 1, 1996 to December 31, 2021. A copy of the verification report (s) is/are available upon request. **A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite maintenance, as well as the calculation, presentation, and distribution**

**of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis.** Verification does not provide assurance on the accuracy of any specific performance report. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Policies for valuing portfolios, calculating performance, preparing compliant presentations, and a list of the Firm's composite descriptions are available upon request.

The Firm's maximum investment advisory fee schedule for the Small Cap Growth Composite is an annual fee of 1.00% on the first \$5 million; 0.80% on the next \$5 million; 0.60% on the balance.

Annual composite dispersion is calculated through the use of an equal-weighted standard deviation for the accounts included in the composite for the entire year. N/A indicates that information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year.

The 3 Year Standard Deviation was not available at the end of 2019, 2020, or 2021 for the composite or benchmark due to there not being 36 months of historical performance.
